AMERICAN REVOLUTION BICENTENNIAL 1776-1976

This 1976 issue of the Irvington High School SAGA is dedicated to America's Bicentennial, in celebration of the founding of our nation 200 years ago.

In fact, there is much to celebrate. After 200 years of American history, our country survives, dedicated to the same principles espoused by the Founding Fathers.

In 1776, the words of our Declaration of Independence were rather audacious and sent a ripple of shock throughout the world of nations. The concept that people, all people, had certain inalienable rights . . . life, liberty and the pursuit of happiness . . . and that the purpose of government was to secure these rights was, to many, an exotic concept. Government, the Declaration said, derived its power from the consent of the governed and the right of the people to alter or abolish their government was inviolate. This was a startling and thrilling idea in 1776. It thrills us still today.

Certainly in 200 years of history, there have been times when our people have failed to fulfill the ideas so nobly outlined by Jefferson, Adams and Franklin. Yet the hope and ideal remains untarnished. Our intent is to insure the PURSUIT of happiness and our government really exists to protect the freedoms declared in 1776 for the benefit of the people.

All of this, the freedoms sought and hopes explored, exist for your benefit. We can give thanks and celebrate the fact that thousands of individuals over 200 years have worked, hoped and sometimes suffered for the freedoms we enjoy today. As the beneficiaries of America's precious history, we have our own responsibility to fulfill. Our duty is to continue to work for the freedoms and the rights that were the promise of the Declaration of Independence . . . to be ever vigilant against the forces of repression that would deny us or our descendants the full measure of our heritage. And, yes, to pursue our own particular concept of happiness and, hopefully, to find it.

BEST DRESSED

Always seen dressed in the latest fashions this year were Alex Moreno and Kathy Giovanni. Besides being an added attraction to Irvington's campus with her nice dress, Kathy was also a Varsity Yell Leader her senior year. And while Kathy was busy cheering our teams on to victory, Alex was involved in various sports activities at Irvington such as soccer and football. Both of them have attended Irvington since they were freshmen.

Whenever you hear a lot of laughing around campus, you can almost bet Tyrone Thomas or Nydia Garcia will be nearby!!

Tyrone came to our school during his junior year and has been a barrel of laughs ever since. Tyrone has been playing basketball all four of his high school years. He plans to attend U.C.L.A. (University of Chabot in Lower Alameda) when he graduates.

Nydia has done some modeling in Color and plans to look into it as a career. Future plans might include being a stewardess.

Good luck to both of them and keep on smiling!!!!!

Mrs. Kammerer and Mr. Medaglia were chosen Senior Favorite Teachers by the class of "76". Mrs. Kammerer teaches American Government, and was not only a great teacher but a friend to one and all. Mr. Medaglia can always be found with a smile to make everyone's day. And no matter what class he taught it was always a great experience. Its great to know that we have such great teachers at Irvington.

WHAT THE BICENTENNIAL MEANS TO ME AS AN IRVINGTON HIGH SCHOOL STUDENT

This is the bicentennial year! Many different preparations have already been made to celebrate America's two hundredth birthday. What does the Bicentennial really mean to an American? Each one of us should stop for a moment to think about this. The Bicentennial is more than just a time for gala festivities and fireworks - it is a time for each one of us, as an American, to look back and reflect on the incidents that have made America what it is today.

All those who signed the Declaration Of Independence devoted their lives to the founding of the United States of America. These men wanted the three inalienable rights: life, liberty and the pursuit of happiness to be given back to each individual. They wanted to better the lives of future generations as well as their own lives.

In the two hundred years that have followed the signing of the Declaration of Independence, many things have changed. Many different situations have been encountered. Many problems have arisen. Some of the solutions to these problems have given bad results. Today we must realize this and start to look into our future and the lives of those in future generations. We must see each problem as it arises and realize when a mistake has been made so it can be corrected. We all must strive to make the great nation of America even better than it is today for those ahead of us.

Several lines from an old song, God Bless America, say:

"Stand beside her, and guide her,
Through the night with the light from above."

This is what each one of us as an American must do - take our nation by the hand and guide it to a safe, successful and peaceful future - not only for ourselves but our children and their children and all future generations.

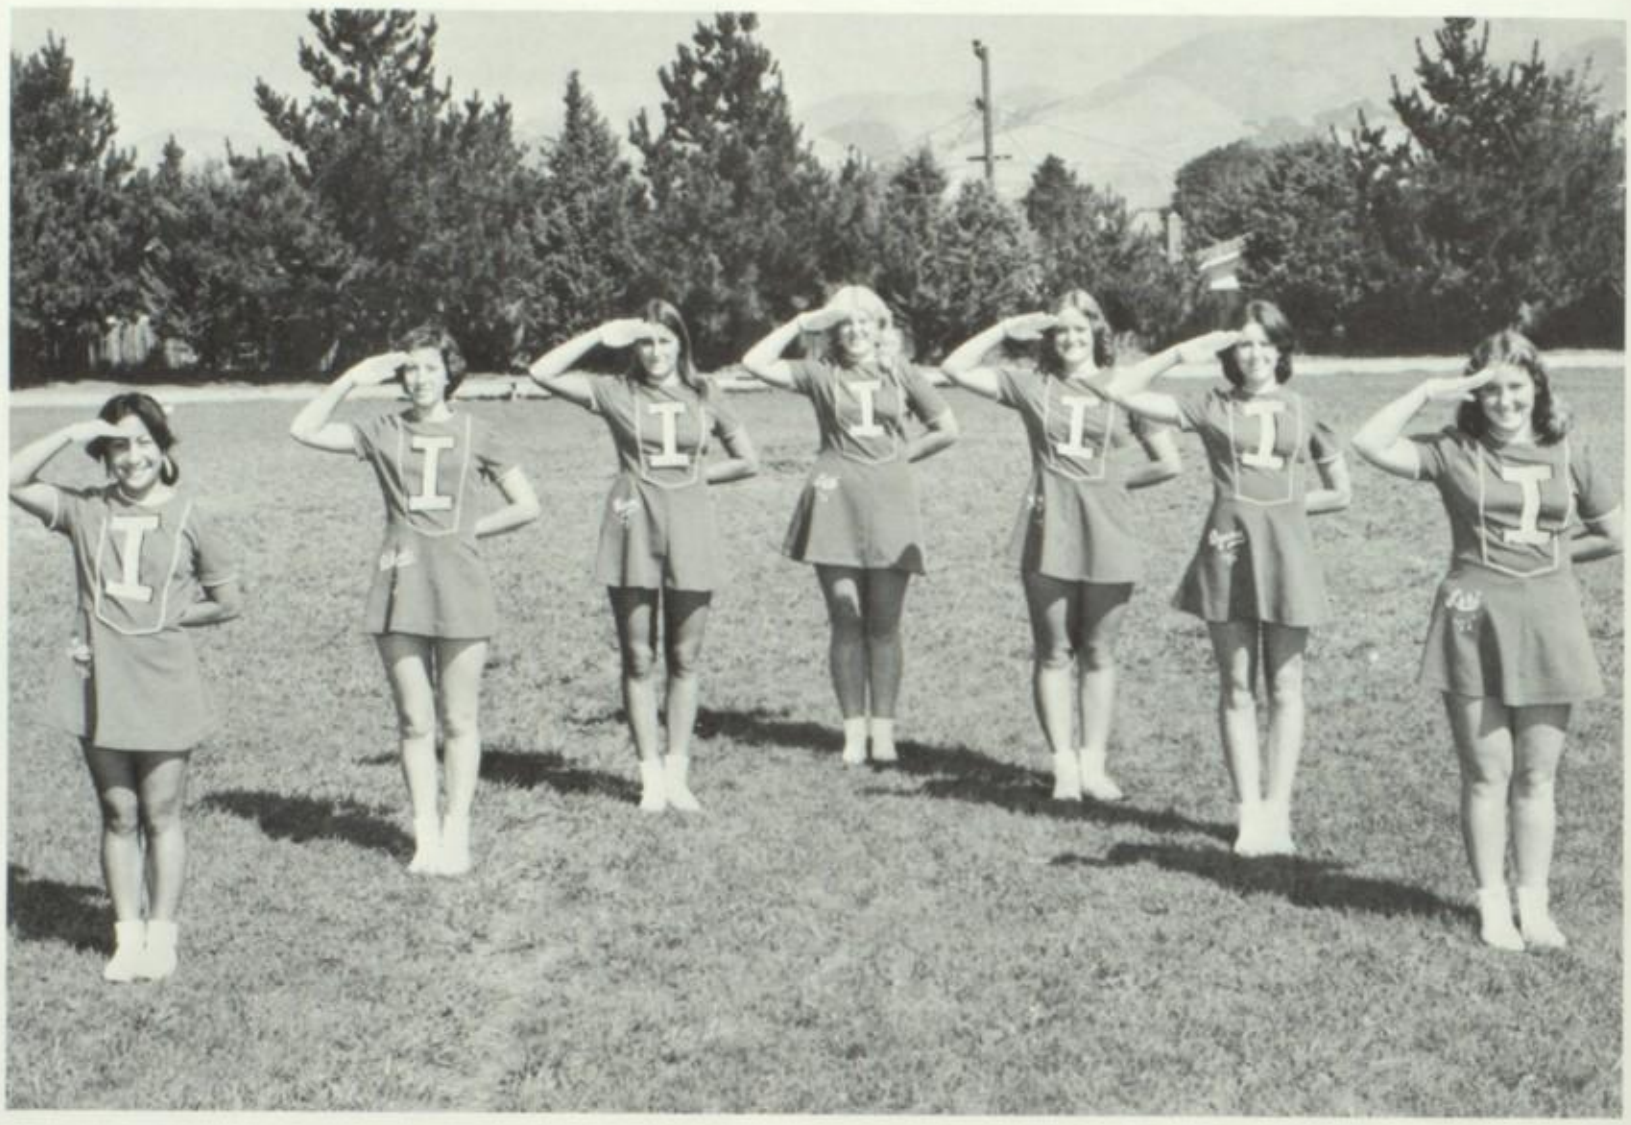
Band Marching Band Marching Band Marching Band Marc

The Irvington High School Marching Band, directed by Mr. Wayne Edwards, has been very successful this year. The band placed second in the Fremont Pathfinders Parade and Alameda County Veteran's Day Parade. A new addition to the 1975-76 band are the Flag Girls. The Drum Major, Jon VanZandt, a most talented sophomore, took first place at the 1975 Pathfinder Parade and The Alameda County Veterans Parade.

Flag Girls

Flag Girls are a new group on campus this year. They've helped to add color to this year's Marching Band. They participate in several parades such as Cal Band Day, etc. They also participate in football pre-games and half-time shows. In addition to Flag Girls, we have Color Guards. They hold the California and the American flags. They are pictured from left to right: Leilani Lasquete, a senior, Wendy Stiles, head, a senior, Karen Calabrese, a senior, Lori Chapman, a senior, Kim Ellegood, a junior, Diana Foria, a senior, Lori Miller, a junior.

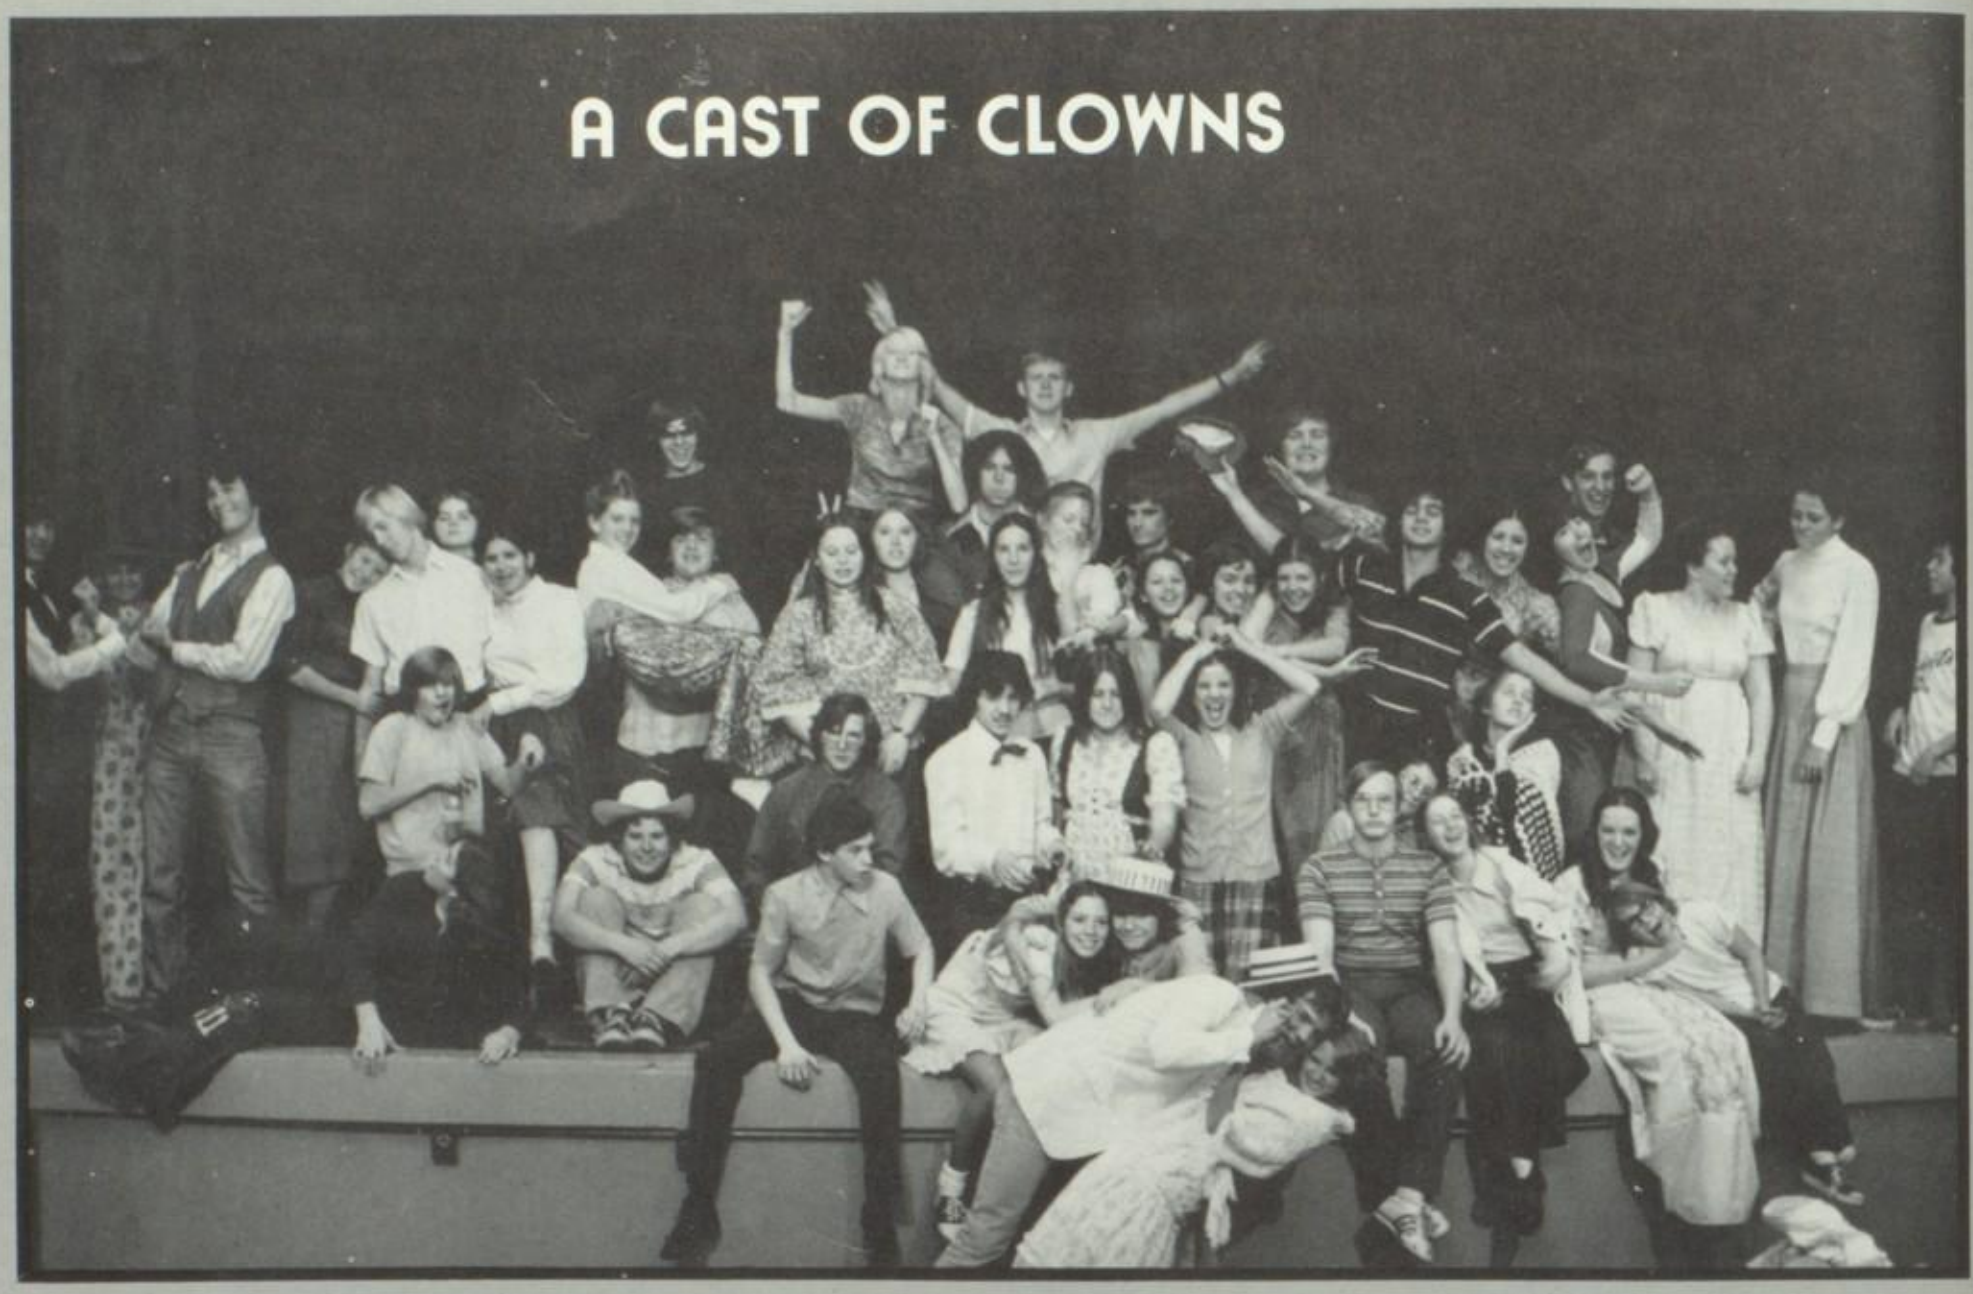


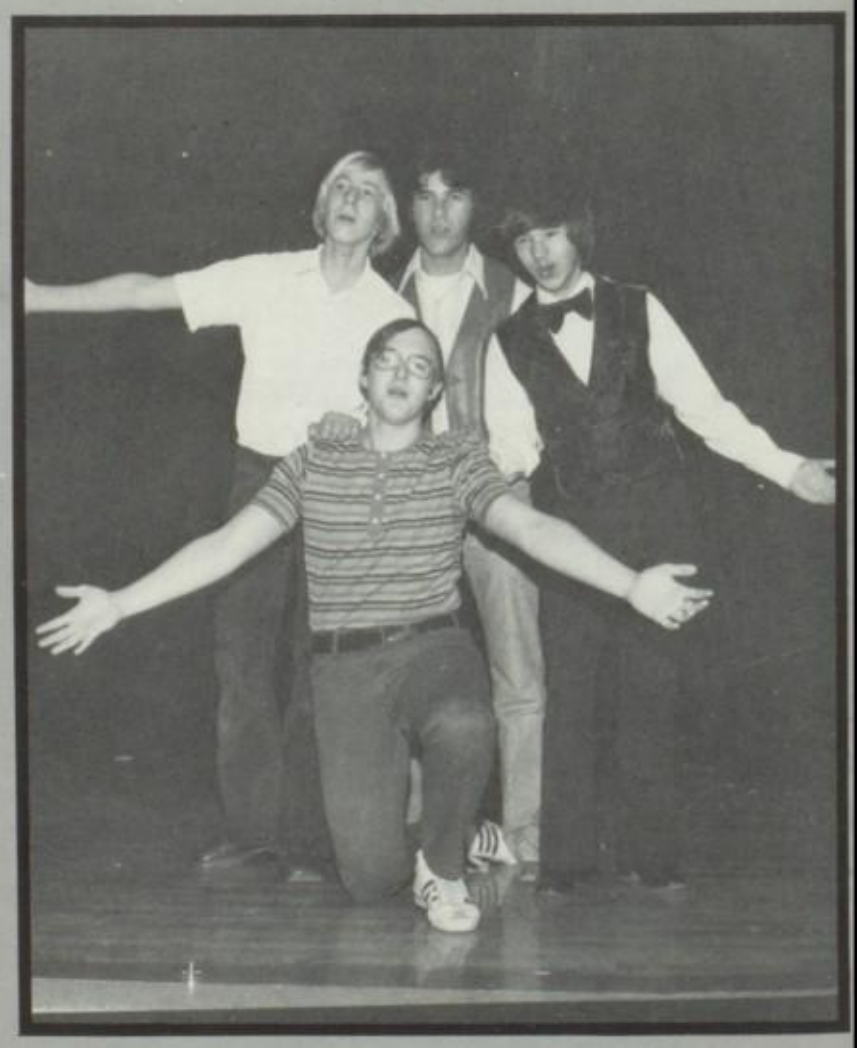
Drum Major Drum Major Drum Major

This year's Drum Major, Jon VanZandt overwhelmingly captured the first place awards in the Path Finders Day Parade and the Alameda County Veterans Day Parade. Jon has that very special charisma that leaves audiences and crowds alike spellbound with the magnificant style of this talented sophomore. The Marching Band is pleased to have him for the next two years to stand tall in front of the Viking Band.

Assisting Jon this year is Pat Rogers, a senior.

A CAST OF CLOWNS





THE MUSIC MAN

"The Music Man" is a musical comedy set in 1912 about a fast-talking band instrument salesman named Harold Hill who comes to the small town of River City, Iowa, and tries to con the stubborn townspeople into starting a boys band. Since there is no need for a boys band, Harold makes the citizens believe that boys are being corrupted because of pool hall. The citizens want their boys off the streets and Harold convinces them to start up a boys band. Everybody falls for the con job except for Marian the librarian. As Harold sells people band instruments, he makes a promise that he will lead it and keep it together. But, in actuality he plans to split town once he gets the dough. Marian finds out that he is a con artist but doesn't turn him in because she has fallen in love with him. During the course of his stay Harold brings the town back to life and falls in love with Marian. But before Harold has a chance to jump town, a nasty anvil salesman exposes him as a con man. Harold has a chance to take-off, but finds he does not want to leave. He is arrested and the townspeople free him beacuse he has taken away their stubborness and taught a lisper how to talk. Harold leads the band and Marian embraces him. The townspeople cheer and the play ends.

The Music Man was directed by Mrs. Jacquie Calvert, her assistants were Rosemary Lamaestra and Nolan Abbenhaus. BEHIND THE SCENES

Behind the scenes is a massive crew that help ready, the musical for opening night.

No show could go on without the stage hands, lighting crew, publicity manager, costume makers and many other people that help develop The Music Man, into the great success it was.

The Drama Classes Salute America's Bicentennial

This year our talented and hardworking drama department saluted our countries 200th birthday. In a series of skits they portrayed such famous events in America's history as the gold rush, the invention of the automobile,, and the reign of the Ku Klux Klan. They also portrayed a few famous people like John F. Kennedy and the Fonze. There skits were viewed by the students in Valhalla.

The students who were involved in this presentation were: Steve Klitzing, Maria Nowak, Penny Bradberry, Kathy Schmidt, Ron Haggard, Gordon Barbosa, Kim Fletcher, Jeff Gutierriz, Steve Werthheimer, Dan Peters, Ken Jones, Brian Tucker, Pauline Schemel, Rosemary Lemaestra, and Rob Howard, who was in charge of lighting. These students were directed by Mrs. Calvert.

DISNEYLAND BAND TRIP

As the hours ticked down to the departure time, the air surrounding the music room hummed with excitement. After many months of marching, candy sales, more marching, car washes, and still more marching, the band members had finally reached their goal and were headed to the Magic Kingdom of Disneyland. What lay ahead for them was two funfilled nights of trying to get some rest on a bus and one glorious day in the amusement park. A great time was shared by the band members and their weary chaperones who accompanied them on the trip.

BOYS' RALLY 1975-76

Did you say stop?

The 1976 Boys Rally was presented by the Boys Block I, on February 20. The Rally was enjoyed by everyone who attended. The students were entertained by the guys as they dressed up as Spirit Leaders. The guys performed skits, yells, and routines, in a very humorous fashion, to the enjoyment of the audience.

The highlights of the rally were the "Hollywood Swingers" performed by the Song Guys, a sharp "V-I-K-I-E-S" drill routine performed by the Letter Guys, skillful stunts performed by the Varsity Guys, and fancy baton twirling by the Majorettes. In all the rally was a tremendous success. CONGRATULATIONS Block I for a job well done!

1975-76 Varsity Cross Country team, coached by Bob Buum, was plagued with numerous problems. Team members who could not run or turned out late for the squad were only some of the reasons why the Vikings only placed sixth in the M.V.A.L. Two team members shined through the black cloud, Marcus Tapia, senior, and Carlos Servantes, junior. Without these two fine competitors, the Vikings couldn't have placed where they did.

Two outstanding sophomores, Marty Ryan and Clyde Wixom, and freshman Richard Moraida led the Frosh-Soph team to a third place finish in the Mission Valley Athletic League.

SAGA '76

Keeping with the bicentennial theme of 1976, the SAGA STAFF decided to have their picture taken on a fire engine to remind everyone of its significance in the bicentennial.

In the early years of the United States existence a need arose for a volunteer fire department to extinguish fires that were started by rebels. Ben Franklin saw this need, and started the first volunteer fire department in the "new land".

200 years later the fire department has grown through the technological advances of the USA.

However, we should always remember never to forget what started out as an idea 200 years ago.

Happy 200th Birthday—USA.

1 inch and 13/64's?!?!!?

Of course we have to relax!

Gifts For the Two-Hundredth Birthday

I think our country's two-hundredth birthday is great. I am glad to be an Irvington High student at this time. I think our country has a good future.

Here at Irvington we are trying to do three things during our country's birthday.
One, serve our City of Fremont.
Two, serve our school.
Three, learn new facts about our country.

My gifts are to work at the Ghost Ship in Fremont during the Halloween season; take my school work seriously and follow all school rules, as well as help others to do the same; and to read books, see movies, view TV shows retelling historical events in our country.

Many others are doing things for our country's celebration. Their gifts are: Scientists are trying to improve the health of all people; our country's leaders are helping to find ways to improve social living in the world; still others are providing humor and laughter for all to enjoy; finally, some are finding ways to help preserve our wildlife.

All Americans are working together to make our country's birthday a world wide celebration. I think many people of the world know this and are trying to make it possible.

Joe Rodriquez, 10th Grade

ADMINISTRATION
ADMINISTRATION
ADMINISTRATION

The graduating class of 1976 represent a unique occurrence in all of our lives. Our country's next centennial celebration will occur without our presence, thus making this bicentennial celebration our one and only change to participate in such a singular occurrence.

In addition, the bi-centennial celebration provides us all with the opportunity to ponder the particular structure which is the United States of America. We have the opportunity to identify weaknesses and commit ourselves to a course of correction. We have the opportunity to identify strengths and express our appreciation for benefits we have as a nation.

Truthfully, there is much work ahead for the generation represented by the Class of 1976. The challenge of colonization, the western frontier and industrialization are now being replaced with the challenge of equality, humanism, and even survival of man in his environment. I hope each of you are willing to become involved and assist in these solutions so as to provide a stronger and more safe America as we pursue our responsibilities in the world.

Why big-car drivers feel at home in the rotary car.

"What the RX-4 does is to offer an attractive alternative to large, heavy domestic cars with big V-8 engines, in a relatively compact car that's not nearly so thirsty. It has the performance, silence and comfort of most of them, outhandles and outbrakes most of them, and does it all without blatant excesses."

SENIOR SIGNATURES

Every year when it comes for the Editor to write something profound or inspiring, it seems that the typewriters run out of ribbon.

This year being our Nation's Bicentennial birthday, many expect words of wisdom to say "Happy Birthday".

I'm not going to do that. I feel that this is the one and only page where I may say THANK YOU!!! . . . for all the work that many people have contributed to make this book a success.

. . . Pam and Ric, our inspiring Staff couple, who showed through all deadline pressure Love and Devotion still sufficed.

. . . Carlos, for seeing how long one may endure the call of hunger pangs, through late night deadlines of 9:00 p.m.

. . . Debi, who tolerated my humor, good and bad.

. . . Susan who we all protected from the evil forces that lurked outside the room.

. . . Diane, Staff rah-rah, for not cheering in class.

. . . Mike, the only "veteran member" who didn't desert me.

. . . Miles, my right hand man, without you I doubt if I could have survived.

. . . Julie, who always had a patient ear for my troubles, and was and is an attentive student to my teaching.

. . . Richard Franco (Dearest Dad), whose patience and understanding always shone through.

. . . Dorothy Franco (Dearest Mom), who always came on deadline days to help us check out the layouts so we could all leave earlier.

. . . Mickey and Faun, Staff mascots (see page 130).

. . . Marge Anderson, who always let me use her phone on staff business.

. . . Congressman Edwards, for writing the dedication at the front of the book.

. . . Ron Ruptier, who picked up the yearbook at semester break. Good luck with my blessings.

. . . Peggy, who helped in Publications, and who in turn I helped in Journalism. Thanks also for helping co-found "Double A".

. . . Founding Forefathers, without them we wouldn't have a Bicentennial edition of the SAGA.

If I missed anyone, I'm sorry, I still appreciate your help.

Enjoy yourself in the years to come.

To Everyone, a big "200" Happy Birthday USA.

Michele
